**Alumni Records Information Release Policy Statement**

**Statement of Purpose**

The Advancement Services department of Springfield College maintains a database of biographical and gift/pledge information about College alumni and friends in accordance with the general needs and expectations of the College community. The information contained within this database is intended exclusively for purposes related to Springfield's programs.

Springfield College regards all information (freely given or learned) about its alumni to be confidential in nature. Therefore, care is used in the dissemination of any alumni information to individuals involved in College approved activities on an "as need to know" basis. Springfield College retains the rights to, and ownership of, any and all information released to individuals acting on behalf of the College.

It is understood that, when the College releases information, the intent is to use it for College related purposes only. The use of names, addresses or other information released to any individual for non approved activities is strictly prohibited.

No part of any confidential alumni information may be reproduced or transmitted in any form or by any means: electronic, mechanical or photocopied, without the consent of the Office of Advancement Services.

All requests for information from members of the media must be referred to the College's office of Marketing and Communications.
