Springfield College, in partnership with the Association for Applied Sport Psychology (AASP), is pleased to announce the fourth annual AASP Northeast Regional Conference happening on the beautiful Springfield College campus March 2nd and 3rd, 2018. Students and professionals alike are invited to share current research and innovative applied techniques across a variety of domains such as athletes, teams, performers, exercisers, and those interested in overall wellness and well-being.

The goal of the 2018 AASP Northeast Regional Conference is to bring together the best of research and practice in an eager and engaging community of learners. We welcome programs that represent the diversity of the sport, exercise, and performance psychology field and are committed to providing a quality conference experience to all who attend. Options for conference presentations include lectures, symposia, roundtable discussions, and workshops. Please refer to the below descriptions when deciding where your presentation might best fit in. Presenters may submit multiple presentation proposals but may not be the first author on more than one presentation.

**Paper**
An oral presentation of in-progress or completed research, or a conceptual paper of presentation quality. (15 minutes: 12 minutes for presentation and 3 minutes for Q&A)

**Symposium**
Two or more speakers presenting their collective ideas on research, theory, and/or practice on a single topic. Presenters must choose their own discussant and submit as a group. (45 minutes)

**Roundtable**
A small group discussion about a single topic or issue facilitated by a discussion leader who has expertise on the topic. Attendee questions and comments for the roundtable are invited throughout the discussion period. (45 minutes)

**Workshop**
An interactive presentation focused on the experiential learning of participants on a specific topic. Abstracts should outline the learning objectives of the workshop as well as the specific activities that will be included. *Please note that a workshop is NOT a symposia or lecture that happens to include a handout.* (60 minutes)

Abstract submissions are due by **February 2, 2018** to tjaskiw@springfieldcollege.edu. *We hope to send notification of acceptance/rejection of abstracts to presenters by February 16, 2018.* Please forward all questions regarding conference programming to Trevor Jaskiw at tjaskiw@springfieldcollege.edu.
