## Spring 2021

Dear Camp Families,

Thank you again for choosing to have your child spend a portion of their summer break with us here at Camp Massasoit. We realize that the decision to find an appropriate and responsible summer camp is a serious one. We are pleased that you have selected Springfield College's Camp Massasoit for your child.

To our new families, our intention is for you to find tremendous satisfaction in your child's camp experience. We take great pride in what we do and we believe this is evident in the strength of our programs and the high number of returning campers each year.

For our returning families, welcome back! It is your commitment to our camp that allows us to maintain the quality programs year in and year out. We appreciate your confidence in us, and we strive to never let you down.

As information emerges for camps with regards to COVID-19 policies and best practices from our accrediting agency, the American Camp Association and from the Massachusetts Department of Public Health we will do everything we can to share updated information throughout the summer. Please note the COVID-19 section within this packet for the steps we will be taking throughout the summer to mitigate risk. To stay most up-to-date, we encourage you to "like" us on Facebook at Camp Massasoit at Springfield College or following us on Twitter at @CampMassasoit or on Instagram at @sceastcampus.

We anxiously await the summer camp season and the arrival of your child/ren for the summer; but first we need some information about them. All individuals who are responsible for registering a child for camp must review the following essential information regarding camp updates, policies and forms. Please remember that all payments and forms are due in the camp office by **June 1**. Please contact our office at 413.748.4020 if you have any questions about the information contained within this package.

Despite some of the extra safety measures that will be implemented this summer, we are confident the high-quality programming combined with the outdoor environment and fun will leave lasting memories for your child/ren. See you soon!

Respectfully,

Angela Veatch & Ben Taylor  
Directors of Camp Massasoit

### Attention EpiPen users:

If your child has an **EpiPen** or **Epi-Pen Junior** for any allergy, the camp requires that two (2) dosages be brought to the Camp's Health Supervisor on the first day of the session. This dosage will better allow us to protect your child during the time that may be needed for advanced care to respond. A signed authorization form is required for EpiPens. Please also make sure you complete authorization section specific to epinephrine injection.

**\*Please refer to the Commonwealth of Massachusetts Department of Public Health for exemption documentation CMR 4320.153.**

### ADDITIONAL EDUCATIONAL INFORMATION:

- Under the camp forms page, as well as the registration page in the MyRec system there is information on meningococcal disease and immunization you can download.
- Due to the camp environment we recommend that you do a daily tick check with your child.

## ADDITIONAL REGISTRATION INFORMATION

### CHILD RELEASE INFORMATION

In an effort to increase safety for your child, when you registered your child we required that all parents/guardians fill out who you authorize Camp Massasoit to release your child too. At Camp Massasoit, we have a pick-up policy (below) instituted for all campers. This policy goes into effect starting on the first day of the first session for each child and continues throughout the summer.

Until our staff members are able to recognize you and the people who will be picking up your child, a staff member will ask you for picture identification, which will be cross-referenced with the information you submitted when you registered your child. This is the only way that we can be certain that we are releasing your child to the appropriate individual(s).

The staff at Camp Massasoit will not release a child to anyone whose name has not been submitted either during registration or in writing after your child has been registered. This policy does include a parent, friend or relative that may have been omitted from the release list, whether intentional or not. Any changes to your list must be made in writing and submitted to the camp office. A note may be sent in with your child on the day that a new individual will be picking them up or you may download a child release form and submit it to the camp office. Please advise anyone picking up your child of this policy and our photo identification requirement.

### CAMPER GROUP PLACEMENT REQUESTS

We understand that many campers would like to be placed in groups with friends, cousins, or siblings, and that some campers would prefer not to be placed with a particular camper or group. Camp Massasoit will make **every** effort to fulfill group placement requests. We can make no guarantee when it comes to placing campers in camp groups. We must first meet mandated standards for camper-to-counselor ratios and then assure that camper groups are within appropriate age ranges. Group assignments will be available on the first day of each session that the camper is attending. If by chance something has changed since you submitted your request during registration please contact the camp office for assistance.

### AUTHORIZED VEHICLE PLACARD

On the first day of each session you will receive a vehicle placard. The purpose of this paper marker is to allow the camp staff to quickly identify whether or not a vehicle is authorized to be on camp property. We ask that this sheet be displayed on the dashboard of the vehicle that is picking-up campers. This form includes the Springfield College seal and is designed to prevent photocopying. Please cut along the dotted line to create two vehicle markers. Each family is being provided with two of these markers, if additional are needed, please contact the camp office.

Any vehicle not displaying this marker on campgrounds will need to obtain direct permission from the camp directors to remain on property.

### **MEDICAL FACILITIES**

A Health Supervisor is on staff during the camp day for routine first aid. For any emergency beyond the limit of the camp's health supervisor, Springfield College's Public Safety officers will be contacted. If recommended or advised by Public Safety, the camper will be transported by ambulance to either the Mercy or the Baystate Medical Center Emergency Room (approximately four miles from camp). Parents/guardians will be notified immediately.

### **NOTIFICATION OF ILLNESS OR INJURY**

The parent or guardian will automatically be notified of any illness or injury other than minor conditions such as cuts, bruises, colds, etc. Minor conditions will be reported if the parent or guardian requests the camp to do so.

### **COVID-19**

Below are additional practices that will be implemented throughout the summer to mitigate risk:

- A daily health screening will be conducted upon arrival, which will include a visual inspection of each camper for signs of illness.
- At drop off parents must:
  - Verbally confirm their child and anyone in their household has not experienced any COVID-19 symptoms in the last 24 hours and that their child is not required to be in COVID-19 isolation or quarantine.
  - Sign a written attestation regarding any household contacts to someone with COVID-19 symptoms or if they have given their child any fever reducing medication.
- Health check responses will be recorded and maintained on file.
- Only after a camper has successfully passed the screening will they be allowed to enter camp.
- Staff and campers will be required to wear face masks/coverings at all times during camp.
- Staff will provide campers with an orientation at the start of each camp session to review COVID protocols that will include, but is not limited to the following: reporting signs and symptoms, not coming to camp if they are sick, requesting a replacement mask, creating awareness of infection control practices and ensuring that all items, especially drinking containers are never to be shared, the importance of social distancing, masks use and proper hand hygiene.
- Hand hygiene practices for both staff and campers will include but is not limited to: arrival at camp, before and after meals, after bathroom use, after coughing/sneezing and before and after each program area.
- In the event a staff or camper becomes symptomatic they will be immediately removed from their group and taken to the health office. The camper's parent's/legal guardians will be contacted immediately. If a staff or camper tests positive they may only return to camp after 14 days of isolation. If a staff member test positive Camp Massasoit will follow the contract tracing policies and procedures of Springfield College. In the event a camper is contacted through contact tracing, the camper can return after 10 days. If a symptomatic individual test negative, they may only return to camp after they provide a negative PCR test result, as well as, have improvements in symptoms and have been without a fever for at least 24 hours without the use of fever reducing medications.
- All equipment being used by a group will be cleaned and sanitized prior to a new group being allowed to use the equipment.
- To minimize individuals on the property, any individual dropping off a late camper or picking a camper up early will contact the office upon arrival to camp property. For a late arrival a staff member will meet the camper in the parking lot, screen the camper and take the camper to their group. If a camper is leaving early a staff member will bring the child to the car and normal sign out procedures will occur.
- Throughout the duration of a session all cohorts will be operating independently of each other. The only exception would be in the event of severe weather.
- It is the expectation that all staff and campers abide by social distancing, hand hygiene and proper wearing of face coverings. Failure to comply could result in the camper's removal of camp without a refund.

### **CAMP SESSION INFORMATION: HOW IT ALL WORKS**

#### **FIRST DAY OF CAMP**

On the first day of each session, there will be staff members in the parking lot to inform you of your child's group number. All of the counselors will be waiting in the picnic grove area with a group number clearly displayed. Due to COVID all parents must remain in their cars at drop off. See additional COVID-19 policies for arriving at camp.

#### **CAMPER ARRIVAL, DEPARTURE, AND EXTENDED CARE**

##### **Early Watch**

Early supervision is provided for registered campers. It begins at 8:00 a.m. and no child should be brought to camp prior to this time. If there are no staff members in the lower parking lot, please wait until one arrives before having your child exit the vehicle.

##### **Arrival and Departure**

Campers should arrive no later than 8:30 a.m. Pick-up begins at 4:15 p.m.

##### **Late Watch**

Late supervision will be provided until 5:00 p.m. In the event that a parent or relative does not pick up a child by 5:00 p.m., a staff member will call the contact numbers provided in the camper's file. If there is no one available to pick up the camper, one of the camp directors will then notify the Massachusetts Department of Social Services and release the child into the department's custody. \*Please see Camper Pick-Up Late Policy\*

#### **ABSENCE**

If your child will be absent from camp, please contact the camp office by 9:00 a.m. on the day of their absence. If a child is absent for more than two consecutive days and no phone call has been received from the legal guardians, camp staff will do their best to attempt to contact the camper's legal guardian to verify the child's absence.

#### **UNREGISTERED CAMPERS**

If a child is dropped off at camp without having been properly registered for the current session, Camp Massasoit will consider the child to have been abandoned. If any contact information for the child is available, the camp staff will work to contact the legal guardians and rectify the problem. This could result in either registering the child with appropriate paperwork and procedures or ask that the child be picked up immediately. If no contact information is available, then camp staff will contact appropriate authorities to assist in dealing with an abandoned child.

#### **EARLY PICKUP**

Please send us a written note on the day you will be picking up your child early. To help avoid interference with general dismissal, early pick-up accommodations are available until 3:30p.m, after that time staff can only provide this service in emergency situations.
