Teeth Brushing

According to 606 CMR 7.11 (11)(d) and as stated in our family handbook, families may provide a toothbrush for their child, to be transported daily in their lunchbox. If a child brings a toothbrush to school, a teacher or student worker will supervise students while they brush their teeth and assist toddlers as needed.

If you do not plan to send a toothbrush on a daily basis, please sign the form below opting out of your child brushing their teeth at school. If, on any given day, your child brings a toothbrush, we will see that s/he uses it.

My child will not participate in teeth brushing at school on a regular basis.
