### Calculations for Measures

MEASURE	DESCRIPTION AND HOW IT WAS CALCULATED
Success Rate	Bachelor's and Master's degrees: Success Rate was calculated by taking the sum of graduates pertaining to a specific program for academic year 2024-25 (SU24, FA24, SP25) with a known outcome of being either currently employed, in the military, in volunteer service, or continuing with their education and dividing by the total number of survey respondents. Survey respondents are those graduates who responded to our surveys inquiring about outcomes after graduation.
